

# PhD DEFENSE

26 June 2023

Festauditoriet/A1-01.01, Bülowsvej 17, Frederiksberg  
at 13:30

**Yuanyuan Ma**

will give a public lecture on her thesis entitled:

**Quantitative fluorescence imaging for novel ligand  
binding assays at the sub-cellular level- applications  
to the  $\beta$ 1-adrenoceptor**

followed by an oral defense. The defense is open to the public.

The thesis was submitted in May 2023

**Evaluation Committee:**

Professor Nikos Hatzakis, Committee Chairman,  
University of Copenhagen, Denmark  
Senior Researcher Julie Kniazeff, CNRS, France  
Senior Researcher Sune Christensen, Novozymes, Denmark

**Supervisor:**

Associate Professor Karen L. Martinez, Department of Chemistry, University  
of Copenhagen, Denmark

Nikos Hatzakis  
PhD Coordinator
